

Diamond[®]

VIBE™ SERIES

GUIDE TO PURESTYLE™

5-PIECE CONSTRUCTION.

As opposed to thermofoil, which is a routed slab product, PureStyle boasts a true 5-piece construction that effectively emulates the look of painted wood cabinets.

EXCEPTIONAL FINISH.

PureStyle features a color consistent, velvety smooth finish and clear, integrated top coat that won't crack or craze like painted wood products.

COLOR OPTIONS

White

Icy Avalanche

Coconut

Egret

Limestone

Cloud

Moonstone

Maritime

WHAT IS PURESTYLE?

STABLE AND DURABLE.

PureStyle combines the durability of laminate and the beauty of paint. It is more stable than painted wood products, which contract and expand in changing environmental conditions.

A PROVEN PERFORMER.

Like all Diamond® Vibe™ products, PureStyle has been subjected to rigorous KCMA performance testing and has met or exceeded all certification requirements.

ENVIRONMENTALLY SAFE.

The wrap material used for PureStyle is a cellulose-based product that is environmentally safe and contains no toxic substances. Substrates are Medium Density Fiberboard (MDF), an engineered product made from wood that comes from forests with eco-sustainable systems.

ON-TREND AND IN DEMAND.

PureStyle offers crisp, clean details and a quality finish. The added benefits of color consistency and a velvety smooth touch mean PureStyle delivers fashion without the fuss.
